A few days after you have carried out the transfer for topping up your account balance, the monetary amount will be credited to your Food Portal account. As soon as your Food Portal account balance has been successfully topped up, you will receive a **notification** via email. Should your credit have been used up, you may top it up again using the same method.

Required processing time

Please note that, due to the necessary processing steps, it may take a few workdays until your transfer to the bank account of your daycare facility has been processed and the monetary amount has been credited to your Food Portal account. Please also note that the processing time may be longer due to weekends and holidays.

Order food for your children online

Click on the name of one of your children to place an order for this child.

The order screen basically consists of three sections:

1. Orders for individual days
2. Flat rates
3. Balance/shopping cart and order button

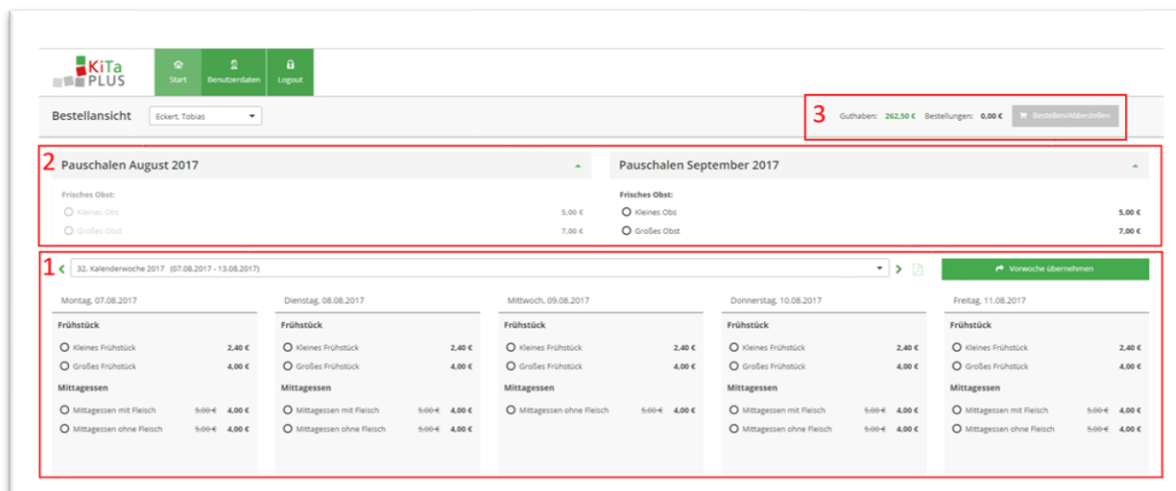

Fig. 5: Order overview

In **section 1**, you may place orders for child for individual days. Furthermore, you may view additional information regarding the food planned for the respective day. Orders are always placed per week and must be confirmed (or canceled) via the "*Bestellen/Abbestellen*" button in **section 3**, before orders for a different week can be placed. Also, you may click on the order sum to review your current shopping cart. By clicking the calendar week in section 1, you may select other calendar weeks.

In **section 2**, you may order monthly flat rate options for your child if such options are provided by your daycare facility. These orders must also be confirmed via the order button in section 3. Each order will reduce your current balance by the respective amount.

Please note that there are certain deadlines for **placing and canceling orders** which are determined individually by your daycare facility. The deadlines applicable for your daycare facility are displayed in the **help section**. Should these deadlines already have expired, you may unfortunately no longer place or cancel the respective orders. Should you have any further questions, please contact your daycare facility or use the help function.

Kind regards

Your Food Portal team
